

## Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

### Invesco Pan European High Income Fund (the "Fund") A sub-fund of Invesco Funds, SICAV (the "Umbrella Fund") Class A accumulation - EUR (ISIN: LU0243957239) (the "Share Class")

The Fund is managed by Invesco Management S.A., part of the Invesco Group.

#### Objectives and Investment Policy

- The objective of the Fund is to achieve income and long-term capital growth.
- The Fund intends to invest primarily in debt instruments (including contingent convertibles) and shares of companies.
- The Fund may invest in debt instruments which are in financial distress (distressed securities).
- The Fund invests primarily in Europe.
- The Fund is actively managed within its objectives and is not constrained by a benchmark.
- You can buy and sell shares in the Fund on any Business Day in Luxembourg (as defined in the Prospectus).
- Any income from your investment will be reinvested.

#### Risk and Reward Profile

- The Share Class is in risk category 4 due to the rises and falls of its price or simulated data in the past.
- As the Share Class' risk category has been calculated using historical data, it may not be a reliable indication of the Share Class' future risk profile.
- The risk category may change in the future and is not guaranteed.
- The lowest category does not mean a risk free investment.

#### Other Risks

- The value of investments, and income from them, can go down as well as up and you may not get back the full amount you invested.
- Shares of companies are generally considered high risk investments and may result in fluctuations in the value of the Fund due to external factors.
- Changes in interest rates will result in fluctuations in the value of the Fund.
- The Fund may invest in distressed securities which carry a significant risk of capital loss.
- The Fund may use derivatives (complex instruments) in an attempt to reduce the overall risk of its investments or reduce the costs of investing, although this may not be achieved.
- Debt instruments are exposed to credit risk which is the ability of the borrower to repay the interest and capital on the redemption date.
- Investments in debt instruments which are of lower credit quality may result in large fluctuations in the value of the Fund.
- The Fund may invest in contingent convertible bonds which may result in significant risk of capital loss based on certain trigger events.
- Return on your investment may be adversely affected by variations in exchange rates.
- It may be difficult for the Fund to buy or sell certain instruments in stressed market conditions. Consequently the price obtained when selling such instruments may be lower than under normal market conditions.
- A more detailed description of risk factors that apply to this Fund is set out in Section 8 of the Prospectus.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
<b>Entry charge</b>	5.00%
<b>Exit charge</b>	None
Any charges shown above are the maximum that might be taken out of your money before it is invested.
